Mr. John Haen addressed the Council about the fact that there was water standing in his ditches and yard. He had talked to the Mayor and Mr. Culp about getting the problem fixed. They told him that they were working on it, and since they had gotten the mini excavator, that it was their main priority to get the job done all over town. The Mayor told him that David is only one person and a part time helper, it would take some time to get it all finished.
